

NAOMI PROJECT

OUR MISSION is to collaborate with Israeli leaders to develop and support innovative educational initiatives via a biblical (Tanakh), values-based educational curriculum to impact Israel's next generation of leaders.

JH Israel & NLC Educational Program Development

JH Israel is also dedicated to the development and implementation of new prayer and biblical based educational models, methods, and technologies that enhance the learning experience. This will include expanded curriculum design, content, the use of digital tools and online resources.

National High School Program

Through state-of-the-art multimedia productions and a traveling workshop, our Ministry of Education curriculum will become mobile. The NLC mobile team will travel to various high schools to conduct our leadership program on location across the county. Enhanced curriculum will also include emotional and spiritual healing components, similar to the inaugural Widow-Orphan program sponsored by the Ministry of Defense. A matching grant opportunity with the Ministry of Education is being pursued. Immediate need is for a mini-van for logistics.

Regional High School Program

In the aftermath of the war, there will be increased opportunities for local students to come to the National Leadership Center free of charge. This program is designed based on our existing leadership curriculum, while emphasizing what it means to be Jewish, strengthening their cultural and spiritual heritage while facilitating emotional and spiritual healing. Ministry of Education officials have called this program: Jewish DNA & Identity.

Cost: \$900,000*

**Donations designated for The Naomi Project shall be directed to the priorities identified above and other emergency response needs that may arise as the situation on the ground in Israel evolves.*

The Naomi Project, in partnership with the Israel Ministry of Education and the Ministry of Defense, recognizes and honors the sacrifices IDF soldier families make. JH Israel believes that no military widow should feel alone in their grief. Every grieving spouse deserves the opportunity to help rebuild their life and support their children.

Grief is not linear, and without support and healing, it can linger indefinitely. That's why JH Israel's Naomi Project exists: to provide a platform for IDF widows and orphans to heal together and find support and hope for a brighter future.
