

# NAOMI PROJECT

OUR MISSION is to collaborate with Israeli leaders to develop and support innovative educational initiatives via a biblical (Tanakh), values-based educational curriculum to impact Israel's next generation of leaders.

## Parent Child Program for Israel Defense Forces (IDF) Families

A multi-day program for IDF families, including widowed spouses and children. This program, adapted from our **Parent-Teen national program**, has modified content with trauma counseling and grief components, will be staffed by the NLC and rolled out across the country. Due to the special nature of the wartime recovery, we will need to add mental health professionals to our team and adapt our program to accommodate the dynamics of parent-child and widow-orphan relationships with trauma, grief, reintegration and PTSD modules.

**The Proposal: Ministry of Defense will provide a matching grant starting at a minimum investment of \$300,000 as a to launch the program. Cost: \$600,000\***

*\*Donations designated for The Naomi Project shall be directed to the priorities identified above and other emergency response needs that may arise as the situation on the ground in Israel evolves.*

The Naomi Project, in partnership with the Israel Ministry of Defense, recognizes and honors the sacrifices IDF soldier families make. JH Israel believes that no military widow should feel alone in their grief. Every grieving spouse deserves the opportunity to help rebuild their life and support their children.

Grief is not linear, and without support and healing, it can linger indefinitely. That's why JH Israel's Naomi Project exists: to provide a platform for IDF widows and orphans to heal together and find support and hope for a brighter future.
